

AUGUST NEWSLETTER

TIMBER CREEK HIGH SCHOOL KEY CLUB

Monthly Goal:

This month our goal as a club was to start the school year off strong! We had our first meeting of the school year and gave our new members a feel for what Timber Creek Key Club is Like: Welcoming, loving, and most importantly, fun.

AUGUST MEETING

Our August meeting was our first in person meeting of the year! We were glad to see a bunch of new faces that were recruited during the pack is back and happy to welcome them into the Key Club family.

AUGUST MEETING

We introduced our club requirements, deadlines, and important information regarding hours. We even taught our members how to submit their hours and log outside ours as well. We ended our meeting strong by doing an ice breaker called, "When the wind blows", in order to get to know one another more.

BULLETIN BOARD PROJECT

during an officer meeting we had a great idea to create a Key Club bulletin board. This board would be used to update our members on service projects coming up, events happening throughout the month, and advertise key club for people who may want to join.

BULLETIN BOARD PROJECT

We are so thankful for our members that came and allowed for this vision to come true. They dedicate their time after school to cutting out papers, making a calendar, and added decorations to make the board come together. All together our members earned 11 hours.
